For me it was

An especially cold, freezing kind of day

Another year had been passed

As if it had forgotten about me, on the night

You were standing in front of me by accident

It was like a ray of light for me

Nobody would come see

The dark sky of mine

You became a little star

And lighted it up bright

At the end of the winter

I met you who became the spring

Oh miracle, for me, it's such a

Miraculous thing

Ever since you came here

This winters not cold as it used to be anymore

Because I have you

Who is looking at me yeah

My mind, nobody would check on

My room, no lights would work

Piled up dust

My dreams were covered up with it

Now they're awake as I met you

They're becoming a reality

It's a miracle

The moment you appeared in front of me

I remember to this day, to my dark sky

The green starlights would shine down, one by one

Gently approached me, got brighter in no time

Became a dazzling, full milky way

In my time I used to walk alone

You reached out your warm hands

They covered my fading, past dreams

And warmed them up

You let them blossom
Just like the spring has come for me

At the end of the winter
I met you who became the spring
Oh miracle, for me, it's such a
Miraculous thing
Ever since you came here
This winters not cold as it used to be anymore
Because I have you
Who is looking at me yeah

Baby without you I can't even imagine
My everything
Oh you, you are all of my dreams now
Walk this path with me, stay until the end with me
Not my dream, but our dream
Forever, share this dream with me
I want to share with you
This cold winter, and the spring after
Please stay right by my side

At the end of the winter
I met you who became the spring
Oh miracle, for me, it's such a
Miraculous thing
Ever since you came here
This winters not cold as it used to be anymore
Because I have you
Who is looking at me yeah
