Put your hands up up
Put your hands up up (put 'em up, put 'em up)
Don't move, don't don't don't
Don't don't don't (nanananana nanananana)
Why are you shaking up my heart?
Shaking, shaking (stop there, stop there)
I really like you you you
You you you (nanananana nanananana)

Why are you stealing the heart of people passing by?
You'll hurt my heart if you leave like this
Apparently you stole someone else's heart

This doesn't seem like the first time
You shouldn't be going around with the kind of beauty
Men are too dangerous
Oh it's too dangerous, I came to get you
What's up girl I need you come with me for a bit

Since the moment I saw you
My heart would not stop beating
You stole my heart
Staying still like this, I can't let you go
I want to know more about you
I want to investigate everything thoroughly
Now I'll catch you wherever you are
And never let you free

Put your hands up up
Put your hands up up (put'em up, put'em up)
Don't move, don't don't don't
Don't don't don't (nanananana nanananana)

Shaking, shaking (stop there, stop there)
I really like you you you
You you you (nanananana nanananana)

The suspect may exercise their right to remain silent
You may even have an appointed attorney
You won't be released easily, you know?
If you don't understand, just look in the mirror
You shouldn't be going around with
That kind of beauty, men will be out of breath
Oh it's too dangerous, I came to get you
What's up girl I need you to come with me for a bit

Since the moment I saw you
My heart would not stop beating
You stole my heart
Staying still like this, I can't let you go
I want to know more about you
I want to investigate everything thoroughly
Now I'll catch you wherever you are
And never let you free

Don't be afraid
You'll never get hurt, don't worry
Come here if you be my captive
You'll never regret it

Come here if you be my captive
You'll never regret it
