

Rainbow roses, fancy ice  
Noganaeryeo, inside your eyes  
Hyeonsil gateun kkumui site  
Feelings drifting like the tide  
I left my guard down for a minute  
I never play with feelings but I thought you were committed  
The way that I'm addicted is specific (Specific)  
It's your vibe, it's your mind, it's the things I can't describe

I've been running backwards, running backwards like a marathon  
Modeun sungan soge nega isseo jeeohal su eopji  
Nal gildeurin gamgangmani jakku meotdaero  
No

I know I'm an icon, watch me with the lights on  
But she got a hold on me like a python  
I don't wanna lose her, yeah, she was my future  
Shot through the chest, I was falling for the shooter  
I don't wanna, I don't wanna have to let her go  
I should move on, I know  
I know I'm an icon, neo eopsin da lights off  
But she got a hold on me like a python

(Yeah, yeah)  
I gave you my time when I didn't have much  
All of my feelings swept under the rug  
I'm touring the world but I'm missing the one  
Who held it down  
Music is how I've been venting now  
Broken glass, I'm bleeding out  
Overseas, I'm selling out  
Private planes, I got taste  
I got seven golden rings  
My accountant called me up  
Said the money's stacked to space  
What a snake, with them eyes  
I won't even try to lie  
I wish I could let you go  
I wish I could say goodbye
