Just when we're about to get close, you get farther away
You play games with me, you confuse me
You're not easy, I didn't even expect it

Every word you say makes my heart flutter
You make me excited every day
I look at you again and again
But you burn me up each time
You grow the flame in my heart
I don't know what to do

Send me a sign, just need one word from you
There's fire on my feet, I want you
Hurry and tell me, I just need one word from you
No games, no no, tell me girl

I just want a Q
Ay girl, hurry and tell me the words in your mouth
I just want a Q
I'm going crazy but you're just laughing
I just want a Q
Cause I'm all ready would you be my lady
I just want a Q
Hurry and tell me
Q

Sometimes I get shocked at how pretty ou are
When you look at your phone, I'm looking at you
Especially when you bite your lips when you're
Concentrated Woh Think I'm in a heaven
My daydreams always have the same routine
Whatever subject it is, it's always you in the end
Like coffee, you're the start to my day
I'm like ice inside, melt me

Every word you say makes my heart flutter
You make me excited every day
I look at you again and again
But you burn me up each time

You grow the flame in my heart
I don't know what to do

Send me a sign, just need one word from you
There's fire on my feet, I want you
Hurry and tell me, I just need one word from you
No games, no no, tell me girl

I'm ready for your fantasy
The star of the movie is me
I'll do anything, get an audition
I'll show you my heart
Let's get past the ambiguous stage
Come to me, I know you feel the same way
Oh yeah, concentrate, tune your ears
Stick close to the starting line
Wait,

Send me the signal (L-M-N-O-P, what's after that?)
Hurry and send me the signal (I want you)
Hurry and tell me, I just need one word from you
No games, no no, tell me girl

I just want a Q
