

## Car Camping

Goth Babe

You've got me wasted  
I don't need it, I don't need your time  
I know I'm not dating  
I've searched all over, I don't have the time  
I can't stop dreaming  
Wake me up, I need to tell your truth  
And tell me what season  
Life left over and I feel brand new

You've got me wasted  
I don't need it, I don't need your time  
I know I'm not dating  
I've searched all over, I don't have the time  
I can't stop dreaming  
Wake me up, I need to tell your truth  
And tell me what season  
Life left over and I feel brand new
