

Doug Fir

Goth Babe

Finally I was hopeless
Finally I was gone
I'd learned to love another
Besides me
And myself

And I'd wait all the night
I know you'd wait for me too
After this fight
And I'd wait all this time
I'd sit and wait for you
Until I had died

And finally I was restless
Finally I was gone
It seemed that I was somehow lonely
Until her

And I'd wait all the night
I know you'd wait for me too
After this fight
And I'd wait all this time
I'd sit and wait for you
Until I had died
