

End Summer

Goth Babe

So you think you are ready soon, oh-ooh-ooh
My eyes say I'm ready but I know I'm not
So you think you are ready soon, oh-ooh-ooh
My ears say I'm ready but I know I'm not, oh

Brace for the impact
Stay away through time
And you're what I want back
You've got the songs of life

So you think you are ready soon, oh-ooh-ooh
My eyes say I'm ready but I know I'm not
So you think you are ready soon, oh-ooh-ooh
My ears say I'm ready but I know I'm not, oh

Brace for the impact
You're what I want back
Brace for the impact
You're what I want back
Brace for the impact
You're what I want back
