

Mexico

Goth Babe

Paint just got a body
Fresh out of the lobby
Floatin' down a one way toll
Asked if you could shotty
Old school Maserati
Rollin' down to Mexico

Mexico

I've been away from my head for sometime now
I've only seen myself way up in the clouds
Hoping for a day that I'll bathe in the sun
Raise all the sails and start to run

Wait for the time, wait for the time now
Gotta keep your head up high
The sun has arrived, sun has arrived now
Mexico until July

And paint just got a body
Fresh out of the lobby
Floatin' down a one way toll
Asked if you could shotty
Old school Maserati
Rollin' down to Mexico

Mexico

(I don't wanna way down)
(You don't wanna way, and you don't wanna way)
(And I don't wanna way down)
(And I don't wanna way down)

Mexico (I don't wanna way down)
Mexico (You don't wanna way, and you don't wanna way)
Mexico (And I don't wanna way down)
Mexico (And I don't wanna way down)

Paint just got a body
Fresh out of the lobby
Floatin' down a one way toll
Asked if you could shotty
