

# Sun Comes Up

Goth Babe

I found new ways that I could kill time  
I sleep right there next to you  
I admit I was a fool, love  
I know that you were one too

You come down when the sun comes up  
I got your heart, I got your heart  
You come down when the sun comes up  
I got your heart, I got your heart

You come down when the sun comes up  
I got your heart, I got your heart  
You come down when the sun comes up  
I got your heart, I got your heart

As I look out on the evening  
I think of times of you and me  
Only sun on the horizon  
I think it's best to be left to be

You come down when the sun comes up  
I got your heart, I got your heart  
You come down when the sun comes up  
I got your heart, I got your heart

You come down when the sun comes up  
I got your heart, I got your heart  
You come down when the sun comes up  
I got your heart, I got your heart

You come down when the sun comes up  
I got your heart, I got your heart  
You come down when the sun comes up  
I got your heart, I got your heart
