

The Kingdom

Goth Babe

Fearless
I can't quite remember but hoping that we turn and
Waiting
We try not to count down but darling
Oh be with me
Be with me

Darling, don't you know?
We are we are
We are we are
What we wanted
Darling, don't you know?
We are we are
We are we are
What we wanted to be
What we wanted to be

Kissing
Holding you closer you know when you're only
Slowing down
I wanted them all
And darling I'm Scotland bound
I'm Scotland bound

Darling, don't you know?
We are we are
We are we are
What we wanted
Darling, don't you know?
We are we are
We are we are
What we wanted (to be)
Darling, don't you know?
We are we are
We are we are
What we wanted (to be)
Darling, don't you know?
We are we are
We are we are
What we wanted to be
What we wanted to be
