

# The River

Goth Babe

Swallow down this rush n' keep in touch  
The boys toughen up, she had enough  
I wanna find that you I used to know  
Whatever happened to the man that she followed

(Hold me, hold my heart)  
(Hold me, hold my heart)  
(Hold me, hold my heart)  
(Hold me, hold my heart)

Hold me by the river  
Hold me by the heart  
I don't wanna go there  
She don't wanna start  
Only by the rhythm  
Only by the heart, now

Hold me by the river  
Hold me by the heart  
I don't wanna go there  
She don't wanna start  
Only by the rhythm  
Only by the heart, now

You wanna know what I think when I'm mad at you  
I love you more than the world that holds us two  
Love the fact this girls has the darkest part  
I don't wanna be alone at least I look calm

(Hold me, hold my heart)  
(Hold me, hold my heart)  
(Hold me, hold my heart)  
(Hold me, hold my heart)

(Hold me, hold my heart)  
(Hold me, hold my heart)  
(Hold me, hold my heart)  
(Hold me, hold my heart)

Hold me by the river  
Hold me by the heart  
I don't wanna go there  
She don't wanna start  
Only by the rhythm  
Only by the heart, now

Hold me by the river  
Hold me by the heart  
I don't wanna go there  
She don't wanna start  
Only by the rhythm  
Only by the heart, now

Hold me by the river  
Hold me by the heart  
I don't wanna go there  
She don't wanna start

Only by the rhythm  
Only by the heart, now

Hold me by the river  
Hold me by the heart  
I don't wanna go there  
She don't wanna start  
Only by the rhythm  
Only by the heart, now
