As she dreams
I've got the weight of the world here, ah
As you sleep

I can't breathe
I've been thinking too long here, ah
I have needs
Now can we end it tonight?

As she dreams
I've got the weight of the world here, ah

As she dreams
I've got the weight of the world here, ah

As she dreams
I've got the weight of the world here, ah

As she dreams
I've got the weight of the world here, ah
