

## Waiting/Tides

Goth Babe

I'm waiting for the tides with you  
We're laying on the top of the dune  
If you don't like it now, we can wait a day  
Walking home from here like it's a block away

Waiting on tides, waiting with you  
Oh I got to feeling good, I got to feeling good  
Darling, why we waiting, girl, I want a lifetime  
Waiting on tides, waiting with you  
Oh I got to feeling good, I got to feeling good  
Darling, why we waiting, girl, I want a lifetime  
Waiting on tides, waiting with you  
Oh I got to feeling good, I got to feeling good  
Darling, why we waiting, girl, I want a lifetime

I'm waiting at the altar with you  
We're making this love come true  
If you don't like it now, we can wait a day  
I want to marry way any type of way

Waiting on tides, waiting with you  
Oh I got to feeling good, I got to feeling good  
Darling, what you waiting, girl, I want you right now

Waiting on tides, waiting with you  
Oh I got to feeling good, I got to feeling good  
Darling, why we waiting, girl, I want a lifetime  
Waiting on tides, waiting with you  
Oh I got to feeling good, I got to feeling good  
Darling, why we waiting, girl, I want a lifetime
