

## Weekend Friend

Goth Babe

Darling, what you waiting there for?  
I got you alone, but I don't wanna go  
And darling, what you waiting there for?  
I got you alone, but I don't really know

I will try to leave you alone  
And I will try to leave you alone

Darling, what you waiting there for?  
I got you alone, but I don't wanna go  
And darling, what you waiting there for?  
I got you alone, but I don't really know

I will try to leave you alone  
And I will try to leave you alone  
I will try to leave you alone  
And I will try to leave you alone  
I will try to leave you alone  
And I will try to leave you alone
