

# And Then Goodbye

Gotthard

**G D/F# C G D**

**G**  
There are things that should be easy to say  
**D/F#**  
When you know you love someone  
**C**  
While waiting for the moment to come  
**G D**  
Another day has gone  
**G**  
The stupid fears I keep inside  
**D/F#**  
That only heaven knows  
**C**  
They scare me every time I have to  
**G D**  
Face those simple words

**Em**  
And then goodbyes are round the corner  
**C**  
And then goodbyes don't last one day  
**A7sus4**  
So I'm scared the time is running out  
**G D**  
And I see you walk away  
**Em**  
There are goodbyes that no one cares about  
**C**  
And others so hard to face  
**A7sus4**  
So I'm trying to sing this song for you  
**G D**  
For the words I need to say...

**G**  
I learned my lesson once  
**D/F#**  
I thought I learned my lesson twice  
**C**  
And I know how bad it feels inside  
**G D**  
When I can't make up my mind  
**G**  
Senseless words and sleepless nights  
**D/F#**  
And my life's just falling apart  
**C**  
Oh tell me Lord why's it take so long  
**G D**  
To let my heart speak out

**Em**  
Cuz then goodbyes are round the corner  
**C**  
And then goodbyes don't last one day

**A7sus4**

So I'm scared the time is running out

**G**

**D**

And I'll see you fade away

**Em**

There are goodbyes that no one cares about

**C**

And others so hard to face

**A7sus4**

So I'm trying to sing this song for you

**G**

**D**

Cause it's time for me to say...

...I love you
