

Lonely Heartache

Gotthard

No I can't stand another minute
Wanna beat it
It's quite a sacrifice so hard to realize
I see you cryin', you keep on tryin'
But I don't wanna play the fool again

You're talking, talking, but I don't care
Don't mess with my mind, don't even dare
I hear you knockin', night and day, I tell you
It's not an' easy game you play

You should know that it's over
Baby, you miss the train
Baby, hear what I, say

No lonely heartaches, don't want what you got
I'm on a star chase, see ya! like it or not

Don't try to make me feel so guilty
'cause girl you blew it
You played a foolish game
So now you pay the price
Just know you're lucky
Don't you deny it
'cause you can walk away
I let you walk away-..

You should know that it's over
Baby, you miss the train
Baby, hear what I say

No lonely heartaches
Don't want what you got
I'm on a star chase, see ya! like it or not

No lonely heartaches
Don't want what you got
I'm on a starchase, and baby I want it hot
No more
