

## Rusty Rose

Gotthard

Some you took away from me  
Some you took but some got free  
I won't let you get your way  
I won't let you down  
I won't let you down

Some will look the other way  
Some will leave but some will stay  
I won't let you disappear  
I won't let you down  
I won't let you down

I I don't know why  
I'm watching the rusty roses weep  
I I wonder why  
I'm letting you take me down, take me down  
Rusty rose  
Rusty rose

Never mind what people say  
Never mind which way I pray  
I will fight with all I got  
I won't let you down  
I won't let you down

I I don't know why  
I'm watching the rusty roses weep  
I I wonder why  
I'm letting you take me down, take me down  
Rusty rose  
Rusty rose

I won't let you get your way  
I won't let you get your way

I I don't know why  
I'm watching the rusty roses weep  
I I wonder why  
I'm letting you take me down, take me down  
Rusty rose  
My rusty rose  
My rusty rose  
I'm gonna burn the rusty rose
