# Said & Done

**Gotthard**

I can't stand loosing, and I really hate to complain
But it ain't easy when, you don't know the rules of the game
Words of anger keep falling down on my head
I'm worn out deep inside
Some things just need to be said, to be said
'cause I do know where I come from
There ain't no shame
And I will prove that I'm not wrong
When all is said and done
When all is said and done
Sometimes I wonder why, I've been always misunderstood
'cause all those evil tongues, go round the neighborhood
And no matter what I do, Oh no matter what I say
They remind me all the time
I'm not accepted this way, no way, no way, no way
'cause I do know where I come from
There ain't no shame
And I will prove that I'm not wrong
When all is said and done
Said and done
'cause I do know where I come from
There ain't no shame
And I will prove that I'm not wrong
When all is said and done
'cause I do know where I come from
There ain't no blame
And I'll be back where I belong
When all is said and done
When all is said and done
