

# Thunder & Lightning

Gotthard

The way that I feel now  
Electrical flow  
And all that I need, somehow  
Is to let myself go

Sitting on the night train  
Looking at the flashing lights  
They say it never strikes in the same place  
But it got us both tonight

Thunder and lightning  
We're on the right side of wrong  
And I know that you know that I know  
But we don't care  
Thunder and lightning  
We're on the right side of wrong  
And I know that you know that I know  
But we don't care  
We don't care We don't care

We can't look away now  
But nobody knows  
I should have got off, somehow  
Let's see where it goes

Still, we're on the night train  
And all around us flashing lights  
They say it never strikes in the same place  
But it got us both tonight

Thunder and lightning  
We're on the right side of wrong  
And I know that you know that I know  
But we don't care  
Thunder and lightning  
We're on the right side of wrong  
And I know that you know that I know  
But we don't care  
We don't care We don't care  
We don't care We don't care  
We don't care We don't care

Thunder and lightning  
We're on the right side of wrong  
And I know that you know that I know  
But we don't care  
Thunder and lightning  
We're on the right side of wrong  
And I know that you know that I know  
But we don't care  
We don't care We don't care
