

## Giving Me A Chance

Gotye

You know I never want to let you down  
It cuts me up to see you sad  
And I wish that I could undo what I've done  
Give back the faith in me you had

Oh yeah  
Oh yeah

You know I love you more than anyone  
But I get a little wrapped up in myself  
But you know I never want to do you wrong  
Bring into question what we have

Oh yeah  
I know I let you down  
I know I let you down  
But you're giving me a chance

Oh yeah  
I know I let you down  
I know I let you down  
But you're giving me a chance
