

Drawn That Way

Gov't Mule

Where is your mansion?
How much did it cost?
Is that you or Jesus on the cross?
What made you cross that line?
Was it the boy next door?
Do you like yourself better now than before?

Cartoon savior
No matter what you say
You're not really a man of God
You're just drawn that way

Where were your disciples
When you were living on the streets?
Before you figured out how to make ends meet
Now you get to judge everyone
Not just those on trial
Where do you find room for all that denial?

Cartoon savior
We all pay to play
You can really see the light
You're just drawn that way

Cartoon savior
How do you spell prey?
You can't stop yourself from lying
You're just drawn
