

# Easy Times

Gov't Mule

I remember  
Laying under the stars  
Showered by the moonlight  
No thoughts for tomorrow  
Nothing to do but live our lives  
The way we choose  
No time for sorrow

Running the distance  
Of the day  
Before our  
Skies turned grey  
Those were easy times  
You were oh so easy  
On my mind  
Every day was another journey  
Just to see what  
We might find  
Those were easy times

I remember  
Hiding from the world  
Kissed by the rain  
Walking arm in arm  
And no one could tear us apart  
We were always even stronger  
After the storm

Back then, even the  
Darkest night  
Somehow, gave way to the light  
Those were easy times

You were oh so easy  
On my mind  
Every day was another journey  
Just to see what  
We might find  
Those were easy times

Oh

Looking back we can  
Never really see  
Where things went wrong  
Or why we couldn't save it  
We didn't know  
That time was such a precious thing  
We let it slip away  
Now it all seems so crazy

In the end, life got  
So much harder  
And we turned on  
Each other  
But I remember those easy times

You were oh so easy  
On my mind  
Those were easy times  
Every day was another journey  
Just to see what  
We might find  
Those were easy times

I can see the whole world  
In your eyes  
Those were easy times  
Now and then  
I still can  
But it feels just like  
A sunrise

Easy times  
Yeah  
Hey, hey, yeah

I can see the whole world  
In your eyes  
Oh, I remember those easy times  
Now and then  
I still can  
Yes, I can  
It feels, feels just like a sunrise

You were always so easy on my mind  
Feels like  
Feels like a sunrise
