

# Look On Yonder Wall

Gov't Mule

Look on yonder wall, hand me down my walkin' cane  
Look on yonder wall, hand me down my walkin' cane  
Well, I got me another woman, and honey, yon' come your  
man

Well, I love you baby, but you just can't treat me  
right,  
Spend my money and you walk the streets at night  
Look on yonder wall, hand me down my walkin' cane  
Well, I got me another woman, and honey, yon' come your  
man

Well, your husband went to the war  
They say he's tough  
I don't know how many men he killed  
But, I'm sure he killed enough

Hand me down my walkin' cane  
Well, I got me another woman, and honey, yon' come your  
man

Well, your husband went to the war  
They say he's tough  
I don't know how many men he killed  
But, I'm sure he killed enough

Hand me down my walkin' cane  
Well, I got me another woman, and honey, yon' come your  
man

Well, I love you baby, but you just don't treat me  
right  
Spend my money and you walk the streets at night  
But, look on yonder wall and hand me down my walkin'  
cane  
Well, I got me another woman, and honey, yon' come your  
man

Goin' back to my mama, like I said I should  
If you ever let me, it's more than I could  
But, look on yonder wall and hand me down my walkin'  
cane  
Well, I got me another woman, and honey, yon' come your  
man

Look on yonder wall  
Look on yonder wall  
Look on yonder, yonder, yonder, yonder, yonder wall  
Well, I got me another woman, well I'll tell you one  
more time

Look on yonder wall  
Look on yonder wall  
Look on yonder, yonder, yonder, yonder, yonder wall  
Well, I got me another woman, and honey, yon' come your  
man
