

## Here's The Rope

Government Issue

Living in a cheap soap opera  
questioning your dreary existence  
life of problems  
life of misery  
high school horror  
end it now  
Here's the chair  
here's the rope  
Backstabbing people all the time  
comfort me please I need a shoulder  
what'll happen when no one's around  
no need to worry you'll be gone
