

Standing in my place on Airstrip One  
Listen to the Voice forever droning on  
Now is the time to join Them  
Singing the Party Song  
Oceania  
How did it go so wrong?

Listen to the Ministry of Truth  
Someone's got to guide the thoughts of wayward youth  
Nobody's ever left here  
How could they even try  
Oceania  
Why do we live this lie?

The fight goes on  
Till you have won  
Another shore to call your boundary  
Within your love  
We're never lost  
Oh, let your caring arm surround me

Oceania  
Nothing will ever change  
Oceania  
Always remains the same  
Oceania  
Thank-you for your protection  
Oceania  
Coming in your direction
