I just wanna ride
I just wanna ride with ya
Driving through the night
Driving through the night with you
Take me to a different country
Where they don't even speak the same
As us

I just wanna ride
I just wanna ride with ya
Driving through the night
Driving through the night with you
Take me to a different country
Where they don't even speak the same
As us

Speak to me with this body language
So I don't have to say it
Speak to me with this body language
So I don't have to say it

Driving through the night
Driving through the night with ya
And I don't even know where I am
But I know that I feel alright with ya
Take me to a different country
Take me to a different country
Where they don't even speak the same
As us

I just wanna hide
I just wanna hide with ya
Don't tell them where we went
I meant it when I said
I wanna be alone with ya
Now we're at this temple
Praying to a god
I don't even know who we are
But I feel alright
But I feel alright with ya
