

Jealous Type

GRAACE

Tell me you want me
Now tell me again
Say you'll be with me
Till we're both dead

But if the universe says I die first
You better never find anyone else, yeah
You better stay lonely
Till the world ends

You knew when you signed up
I was the jealous type
Don't ever cross that line
Never forget
You're mine, you're mine, you're mine, you're mine
Cause I saw the way you gave her bedroom eyes
Hell no, you must be high
Don't you forget
You're mine, you're mine, you're mine, you're mine

If we're out dancing
Bodies everywhere
You better dance with me
Like I'm the only one there

Cause if I catch you making one mistake, yeah
You better start saying your prayers

You knew when you signed up
I was the jealous type
Don't ever cross that line
Never forget
You're mine, you're mine, you're mine, you're mine
Cause I saw the way you gave her bedroom eyes
Hell no, you must be high
Don't you forget
You're mine, you're mine, you're mine, you're mine

Don't come in my room
(Don't you forget you're)
Spelling like perfume
(Don't you forget you're)
No telling what I'll do
Don't you forget you're mine...

You knew when you signed up
I was the jealous type
Don't ever cross that line
Never forget
You're mine, you're mine, you're mine, you're mine

You knew when you signed up
I was the jealous type
Don't ever cross that line
Never forget
You're mine, you're mine, you're mine, you're mine
Cause I saw the way you gave her bedroom eyes

Hell no, you must be high
Don't you forget
You're mine, you're mine, you're mine, you're mine
