

## Better With Time

Grabbitz

You don't look back when I call you  
But does that mean that you're not there?  
Go back to when I saw you  
A beautiful time in a deadly year  
You think I'm stupid but I get it now  
How long can we make this go?  
Just hurry up and spit it out  
Baby, 'cause I gotta know

Don't break away  
'Cause I want to stay  
'Cause I want to stay  
Don't break away  
'Cause I want to stay  
'Cause I want to stay  
'Cause I want to stay  
Don't break away  
'Cause I want to stay  
'Cause I want to stay  
Don't break away  
'Cause I want to stay  
'Cause I want to stay

I let it consume me  
I let it control me  
I'll always be lonely  
I'll never be fine  
If life is a movie  
It's always so boring  
Where is the story?  
I hope it gets better with time  
Yeah, I hope it gets better with time  
Yeah, I hope it gets better with time

Yeah, I hope it gets better with time

You don't look back when I call you  
But does that mean that you don't care?  
Go back to when I saw you  
Your beautiful eyes with a deadly stare  
You think I'm stupid but I get it now  
How long can we make this go?  
It won't hurt to let it out  
Baby, 'cause I gotta know

Don't break away  
'Cause I want to stay  
'Cause I want to stay  
Don't break away  
'Cause I want to stay  
'Cause I want to stay  
'Cause I want to stay  
Don't break away  
'Cause I want to stay  
'Cause I want to stay  
Don't break away  
'Cause I want to stay

'Cause I want to stay

I let it consume me  
I let it control me  
I'll always be lonely  
I'll never be fine  
If life is a movie  
It's always so boring  
Where is the story?  
I hope it gets better with time  
Yeah, I hope it gets better with time

Yeah, I hope it gets better with time  
Yeah, I hope it gets better with time  
I hope it gets better with time  
I hope it gets better with time  
I hope it gets better with time, time  
Yeah, I hope it gets better with time  
I hope it gets better with time  
I hope it gets better with time

I let it consume me  
I let it control me  
I'll always be lonely  
I'll never be fine  
If life is a movie  
It's always so boring  
Where is the story?  
I hope it gets better with time  
Yeah, I hope it gets better with time
