

Daydream

Grabbitz

Where did I lose myself?
What's forever? Only time will tell
Where did I go wrong?
Am I wrong at all?
What's this crown
If all the jewels fell off?

What kind of king am I?
Of castles in my sky

And now I'm running from a daydream
And if no one comes to save me
Let me know
Let me know
Won't you hold this heart I buried?
'Cause it's way too much to carry
Let me know
Am I on my own?

A thousand tries
A thousand fails
A million miles
Down my one-way trail
Where did I get lost?
Am I lost at all?
I had so many things I wanted to record
I lost them all

What kind of king am I?
And memories always die

And now I'm running from a daydream
And if no one comes to save me
Let me know
Let me know
Won't you hold this heart I buried?
'Cause it's way too much to carry
Let me know
Am I on my own?
Am I on my own?

Am I on my own?
Am I on my own?
Am I on my own?

Now I'm running from a daydream
And if no one comes to save me
Let me know

Now I'm running from a daydream
And if no one's come to save me
Let me know
Let me know
Won't you hold this heart I buried?
'Cause it's way too much to carry
Let me know
Am I on my own?

Am I on my own?

Let me know

Am I on my own?
