

# Falling Over You

Grabbitz

You're no ordinary, ordinary face  
What a coordinary, coordinary waste  
Even when it's all good that I call it great  
You would put your foot out so I can't escape

Why you always keep me crawling  
Every time I'm back up on my feet again  
When you're always in my way  
I trip up on your face I'm on the floor there's nothing I can do  
I'm falling over you

I'm falling over you

Why you always keep me crawling  
Every time I'm back up on my feet again  
When you're always in my way  
I trip up on your face I'm on the floor there's nothing I can do  
I'm falling over you

I'm extraordinarily bored when I'm awake  
Love is sleeping and the sheets are made of hate  
Even when we're speeding on a one way train  
I still think of hearing off the tracks you laid all day  
Can't you answer when I'm calling

Why you always keep me crawling (keep me crawling)  
Every time I'm back up on my feet again (on my feet again)  
When you're always in my way  
I trip up on your face I'm on the floor there's nothing I can do  
I'm falling over you

I'm falling over you  
I'm falling over you  
I'm falling over you
