

## Fire

Grabbitz

Took my life and I gave it to you  
In cold blood, like you wanted me to  
Your softest edges could cut me in two  
You light me up like a flame would do

The fire inside of you (Fire)  
The fire inside of you (Fire)  
The fire inside of-

The fire inside of- (Fire)  
(Fire)

You gave me hope that I never could find  
(You gave me hope that I never could find)  
Smoke you in 'til I'm out of my mind  
(Smoke you in 'til I'm out of my mind)  
In all your red there's a shimmer of blue  
(In all your red there's a shimmer of blue)  
It's a frozen heart I could never soothe

The fire inside of you (Fire)  
The fire inside of you (Fire)  
The fire inside of-

The fire inside of-

The fire inside of you  
The fire inside of you  
The fire inside of you  
(Your softest edges could cut me in two)  
The fire inside of you  
(You light me up like a flame would do)  
The fire inside of-
