

# I Shouldn't Mind

Grabbitz

Here I go, overthrown  
But I swear I'll hold my own  
We're the same distance apart  
But all of a sudden that got way too far  
Where have you been? Who'd you see?  
How'd you feel? Did you think of me?  
Now you stand hand in hand  
With another man

I shouldn't mind, this happens all the time  
I've got to draw the line on what isn't mine  
So I'll be fucking fine, yeah, I'll be fucking fine  
I've got to draw the line on what isn't mine  
Yeah, I shouldn't mind (I shouldn't mind)  
I shouldn't mind (I shouldn't mind)

Here I go all alone  
With a couple scars and a couple moments I wish you were home  
Now you sleep with cover sheets  
And can't stand the heat

But I shouldn't mind, this happens all the time (I shouldn't mind)  
I've got to draw the line on what isn't mine (I shouldn't mind)  
So I'll be fucking fine, yeah, I'll be fucking fine (I shouldn't mind)  
I've got to draw the line on what isn't mine (I shouldn't mind)  
Yeah, I shouldn't mind (I shouldn't mind)  
I shouldn't mind (I shouldn't mind)  
I shouldn't mind (I shouldn't mind)

I shouldn't mind, this happens all the time (I shouldn't mind)  
I've got to draw the line on what isn't mine (I shouldn't mind)  
So I'll be fucking fine, yeah, I'll be fucking fine (I shouldn't mind)  
I've got to draw the line on what isn't mine (on what isn't mine)

I shouldn't mind, this happens all the time (I shouldn't mind)  
I've got to draw the line on what isn't mine (I shouldn't mind)  
So I'll be fucking fine, yeah, I'll be fucking fine (I shouldn't mind)  
I've got to draw the line on what isn't mine (I shouldn't mind)  
Yeah, I shouldn't mind (I shouldn't mind)  
I shouldn't mind (I shouldn't mind)  
(I shouldn't mind)
