

# In The Winter

Grabbitz

You made my feelings hurt  
So I don't want to know nothing anymore  
My only meal is dirt  
And I can't even wash it down  
You always pose a threat  
Making me think is the worst that you can do  
It's always in my head  
And I can't ever get it out

It gets cold in the winter  
I know I'm a sinner  
But I'm broke, I need fixin'  
Us both on a mission  
We can go on with livin'  
And warm each other up  
'Cause it gets cold in the winter  
It's cold in the winter  
I'm alone when I'm sinning  
I'm frozen and frigid  
And my head's always spinning  
Can you make it stop?  
Let's go on with livin'  
And warm each other up  
'Cause it gets cold in the winter  
It's cold in the winter

It just occurred to me  
You had to go and mess around while I was gone  
Just out of courtesy  
You should've fucking let me know  
Now you're with somebody else  
I hope you both find a blanket when you're cold  
I actually wish you well  
Now tell me what that's all about?

It gets cold in the winter  
I know I'm a sinner  
But I'm broke, I need fixin'  
Us both on a mission  
We can go on with livin'  
And warm each other up  
'Cause it gets cold in the winter  
It's cold in the winter  
I'm alone when I'm sinning  
I'm frozen and frigid  
And my head's always spinning  
Can you make it stop?  
Let's go on with livin'  
And warm each other up  
'Cause it gets cold in the winter  
It's cold in the winter

(Well, I hope you will sit by me) I hope you will sit by me  
(In this winter we'll find heat) In this winter we'll find heat  
(Well, I hope you will lay by me) I hope you will lay by me  
(In this winter we'll find heat)

It gets cold in the winter  
I know I'm a sinner  
But I'm broke, I need fixin'  
Us both on a mission  
We can go on with livin'  
And warm each other up  
'Cause it gets cold in the winter  
It's cold in the winter  
I'm alone when I'm sinning  
I'm frozen and frigid  
And my head's always spinning  
Can you make it stop?  
Let's go on with livin'  
And warm each other up  
'Cause it gets cold in the winter  
It's cold in the winter

Well, I hope you will sit by me  
In this winter we'll find heat  
Well, I hope you will lay by me  
In this winter we'll find heat
