

King / Ghost In A Song

Grabbitz

I'm gonna start doin' things I think I should
'Cause I wanna die knowin' I did all I could
Days and days of restless worry
Will I ever change a thing?
Leave my mark on endless stories
I just want to go out like a king

I just want to go out like a

I'm home
I will not answer my phone
Respectfully, leave me alone
Family is asking what's wrong
I tell them nothing, I'm grown
I am a sensitive being
I'm just an illusion, not seen
I haven't emerged in so long

I'm just a ghost in a song
(Ooh)
I'm just a ghost in a song
(Ooh)
I'm just a ghost in a song
(Ooh)
I'm just a ghost in a song

Then when I creep up and switch the whole beat up
You won't even see I'm invisible (Invisible)
You thought I was gone
I decided to haunt you and come out the speakers you listen to (Listen to)
'Cause I lost my soul in a frequency
No one can speak to me
I am a noise (Noise)
Back then when no one believed in me
I found a key to not gettin' destroyed (Destroyed)
Let me solve your problems
I know you got 'em
I know you memorize (Memorize)
All of the melodies givin' you energy
All of your favorite lines (Lines)
But we'll never really get to meet
You shut me off and I'm gone

I'm just a ghost in a song
(Ooh)
I'm just a ghost in a song
(Ooh)
I'm just a ghost in a song
(Ooh)
I'm just a ghost in a song
(Ooh)
