

# Love Like That (Let You Down)

Grabbitz

I'm kinda new to this  
I'm the type of trouble that'll never be bound  
I've had nothing to do with this  
You'd want a rope around me holding me down  
So tie it tight, tie it tight now  
Not just on my neck, but to concrete  
Tie it tight, tie it tight now  
You don't wanna love me, no

You don't wanna love like that  
No, you don't wanna love like that  
You don't wanna love me 'cause I'll let you down  
You don't wanna love me 'cause I'll let you down  
I'll let you down  
You don't wanna love like that  
No, you don't wanna love like that  
You don't wanna love me 'cause I'll let you down  
You don't wanna love me 'cause I'll let you down  
I'll let you down

I'll let you down  
I'll let you down, I'll let you down  
I'll let you down, I'll let you down  
I'll let you down

I feel like a bad man  
I told you I was trouble and I mean what I say  
Let's have our last dance  
When it's really the beginning, yo, we can just pretend it's okay  
So hold tight, hold tight now  
Not just on to me, but to something  
Hold tight, hold tight now  
You don't wanna love me, no

You don't wanna love like that  
No, you don't wanna love like that  
You don't wanna love me 'cause I'll let you down  
You don't wanna love me 'cause I'll let you down  
I'll let you down  
You don't wanna love like that  
No, you don't wanna love like that  
You don't wanna love me 'cause I'll let you down  
You don't wanna love me 'cause I'll let you down  
I'll let you down

I'll let you down  
I'll let you down, I'll let you down  
I'll let you down, I'll let you down  
I'll let you down  
I'll let you down  
I'll let you down, I'll let you down  
I'll let you down, I'll let you down  
I'll let you down

I'll let you down  
I'll let you down  
I'll let you down

I'll let you down
