

SURRENDER PEACE!

Grabbitz

I got a hole inside me where my heart used to be
I never know what's killing me till I on my knees
Buried alive inside, sometimes I feel sweet
I think it's time that I surrender my peace
I think it's time that I surrender my

Turn it upside down, turn it upside down
I'm the world's greatest pretender
Shook on every word inside of my mouth
I suffocate on the thoughts that I take off
I can't take anymore
Will we last forever?
We will, I'm sure
Can you tell me now, surrender?
Can you tell me now, surrender?

I got a hole inside me and it's making me weak
I never know what's killing me till I feel the heat
Burned alive inside, sometimes it feels sweet
I think it's time that I surrender my peace
I think it's time that I surrender my

Turn it upside down, turn it upside down
I'm the world's greatest pretender
Shook on every word inside of my mouth
I suffocate on the thoughts that I take off
I can't take anymore
Will we last forever?
We will, I'm sure
Can you tell me now, surrender?
Can you tell me now, surrender?
