

# The World Is So Fucked Up

Grabbitz

She's too drunk at a Saturday nightclub  
He's in love with a strawberry slut  
She likes flow, Instagram, and my name  
He's just as bad, so we don't give a fuck

A few months and they onto the next one  
And never ever knew we were done  
The world is so fucked up

The world is so fucked up

The world is so fucked up
