

Ticking Away

Grabbitz

I need to keep you around
With my feet tied
With my feet tied tight to the ground
The end's nowhere to be found
I don't know why
You don't leave me to drown oh-oh-oh

Don't know where to go unless you say
Don't know what to do unless you stay
Thinking that today will be our day
Will be our day again

Why am I playing with time as it's ticking away?
Tickin' away, away, I'm askin'
Why, we run for our lives, not a second to waste?
Tickin' away, away, away

Let's get it
Winnin
Losin
Either way I'm there
Gotta attitude
I'm out the roof
Up in the air
This round I make it count
Yeah I'm talkin right now
Feel like the comeback kid
I got no time to spare
Woah
Double up the score
Turn a 2 to a 4
You know I win a lot
Gotta win one more
On a hot streak
Never gets old
Solo with the ace
And my team went gold

Why am I playing with time as it's ticking away?
Tickin' away, away, I'm askin'
Why, we run for our lives, not a second to waste?
Tickin' away, away, away
Tickin' away, away, away

Tickin' away, away...

I'll give it one more try
I don't know why
But I keep comin' back every time
I want it more than my life
I don't know why
But it feels so right

Why am I playing with time as it's ticking away?
Tickin' away, away, I'm askin'
Why, we run for our lives, not a second to waste?
Tickin' away, away, away

Tickin' away, away, away

Tickin' away, away, away...
