

# Told Ya So

Grabbitz

Take ten steps back  
'Till you get to where you're going  
Just research where you're going  
A T-shirt where it's snowing  
A preacher not quite knowing what he's saying  
What he's saying

I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
When you lose control  
It's so hard to hold  
All this weigh up on my shoulders  
I hate to say I told ya so

I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
When you lose control  
It's so hard to hold  
All this weight up on my shoulders  
I hate to say I told ya so

Take ten steps back  
To close your eyes and listen  
And look from somewhere different  
I know that I've been slipping  
I fold my tie and ribbon to hide my scars  
That's how it starts, ooh

I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
When you lose control  
It's so hard to hold  
All this weight up on my shoulders  
I hate to say I told ya so

(Yeah!)  
Told ya so  
(Yeah!)  
I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
I don't wanna be around when you lose control  
When you lose control  
It's so hard to hold  
All this weight up on my shoulders  
I hate to say I told ya so

Hate to say I told ya so  
Hate to say I told ya so
