

What I'm Going Thru

Grabbitz

Who do I talk to now?
Who do I talk to now that I don't got you?
I don't wanna draw you out
I let the marks erase and see this through
'Til you're better off than me

And I know that there's gonna be times
When your hand would feel better on mine
I know it 'cause it's true!
I know it 'cause it's true
And I know that there's gonna be days
When I'm thinking God's made a mistake
I know it 'cause it's true

It's what I'm goin' thru
Yeah, it's what I'm goin' thru
Yeah, it's what I'm goin' thru
It's what I'm goin' thru
It's what I'm goin' thru-ooh-oh-ooh-oh-ooh-oh-oh-oh-oh

Who do I talk to now?
Who do I run to now when I get good news?
I'm not counting company
I have 103 or more but they're not you
Fucking woe is me

And I know that there's gonna be times
When your hand would feel better on mine
I know it 'cause it's true!
I know it 'cause it's true
And I know that there's gonna be years
When I'm wishing you could see what I'm seeing
I know it 'cause it's true

It's what I'm goin' thru
It's like every time I close my eyes
You keep on giving me my next surprise
But then every time I come to
I'm reminded of what I'm going thru
Oh
(Who do I talk to now?)
(Who do I talk to now?)
(Who do I talk to now?)
(Who do I talk to now?)

And I know that there's gonna be days (Who do I talk to now?)
When I'm thinking God's made a mistake
I know it 'cause it's true

It's what I'm goin' thru
Yeah, it's what I'm goin' thru
Yeah, it's what I'm goin' thru
It's what I'm goin' thru
It's what I'm goin' thru-ooh-oh-ooh-oh-ooh-oh-oh-oh-oh

It's like every time I close my eyes
You keep on giving me my next surprise

But then every time I come to
I'm reminded of what I'm going thru
Oh-oh
