

# Fired Up

Grace Carter

Diving into you with no regrets  
No more phases, no more time to waste it  
Starting out, we're nothing more than friends  
Empty pages, fillin' in the spaces

Oh, I know I'm the worst sometimes  
I've been hurt, but you know that, right?  
Loving you, I never ask why

'Cause I've never felt like this with anybody  
I wasn't sure of us, but now you got me  
'Cause I wanna scream it out, tell everybody  
I'm all fired up, I'm all fired up

Looking back, you answered all my prayers  
I was aching, but then you came and saved me  
Now my heart is beating out my chest  
Oh, I feel naked, but what we got is sacred

Oh, I know I'm the worst sometimes  
I've been hurt, but you know that, right?  
Loving you, I never ask why

'Cause I've never felt like this with anybody  
I wasn't sure of us, but now you got me  
'Cause I wanna scream it out, tell everybody  
I'm all fired up, I'm all fired up  
'Cause I've never felt like this with anybody  
The way that you hold me, I can tell you want me  
When I feel you near, we're more than just two bodies  
I'm all fired up, I'm all fired up

We can all get scared sometimes  
But we don't wanna show it  
All before we throw it all away  
We got to make it right  
I'ma just be honest  
I'ma keep it honest

'Cause I've never felt like this with anybody  
I wasn't sure of us, but now you got me  
(Wasn't sure, wasn't sure, wasn't sure, wasn't sure, yeah)  
'Cause I wanna scream it out, tell everybody  
I'm all fired up, I'm all fired up  
'Cause I've never felt like this with anybody  
(I've never felt like this before)  
The way that you hold me, I can tell you want me  
(Know you want, know you want, know you want, know you want me)  
When I feel you near, we're more than just two bodies  
I'm all fired up, I'm all fired up  
I'm all fired up
