

Tired Of Trying To Be Anyone Else

Grace Carter

Spent the morning on the floor
Wondering what I'd done
I fell into the end
Thinking I was not enough
I know I've been here before
It's only just begun
Time to place your bets
On when I'm gonna run

Maybe I'm a fool
For saying I'm afraid of you
But maybe I ain't losing
Unless losing's what I say I'll do

(Ooh, ooh)
I lost myself
Cried all my tears for you
Still I couldn't tell
(Ooh, ooh)
Who I am now
I'm tired of trying to be anyone else

Hey, yeah
Hey, yeah yeah
Hey, yeah
To be anyone else

Jumping off the deep end
Just to know that I won't sink
I was all in my head
And I tend to overthink
Looking in the mirror
Trying to find the missing link
The piece of me instead
That accounts for everything

And I can't break in two
And I don't wanna fall for you
And I wouldn't be choosing the one part of me I couldn't lose
Maybe I'm a fool
For saying I'm afraid of you
'Cause I know I ain't losing unless losing's what I say I'll do

(Ooh, ooh)
I lost myself
Cried all my tears for you
Still I couldn't tell
(Ooh)
Who I am now
I'm tired of trying to be anyone else

Maybe I'm a fool
For saying I'm afraid of you
But maybe I ain't losing unless losing's what I say I'll do

(Ooh, ooh)
I lost myself

Cried all my tears for you
Still I couldn't tell
(Ooh)
Who I am now
I'm tired of trying to be anyone else

Hey, yeah
Hey, yeah yeah
Hey, yeah
To be anyone else
Hey, yeah
Hey, yeah yeah
Hey, yeah
To be anyone else
