

# Waiting Room

Grace Carter

I got so much to say but I can't find the voice  
I been thinking about it like I had a choice  
All I want is you, for you to want me too  
I can't believe you ever looked me in the eyes  
I been trying to live inside another life  
All I want is you, for you to want me too

There's a ghost in my home and it just won't go  
And it plays with my mind when I'm on my own  
And I'm here on the other side  
Looking out for a guided light  
There's a ghost in my home and it just won't go

I guess it wasn't the right time to show your face  
Tell me, why did you come here just to go away?  
It's not natural, for you to watch me fall  
At the tone, I left you all my messages  
Won't somebody please tell me what the story is?  
I just wanted you, for you to want me too

There's a ghost in my home and it just won't go  
And it plays with my mind when I'm on my own  
And I'm here on the other side  
Looking out for a guided light  
There's a ghost in my home and it just won't go

There's a ghost in my home and it just won't go  
And it plays with my mind when I'm on my own  
Now I'm here in the waiting room  
Holding on to the thought of you  
There's a ghost in my home and it just won't go

Oh, I feel so cold in this bruising world  
Oh, I feel so cold in this bruising world  
Oh, I feel so cold in this lonely world
