The Cloud

Grace Gaustad

Mm-hmm, mm-ooh

Sick of waking up and being alone
Sick of feeling like it's me and the phone
Aren't you tired of being someone you don't know at all?
Scream it loud 'til they hear it in the clouds
(Mm-hmm, mm-ooh)
(Mm-hmm, mm-ooh-ooh)

Nights are lonely, got nobody to trust
Sometimes I wonder if it's them against us
Aren't you waiting for somebody who does
Love you when you can't yourself? Gets you higher than the clou
ds
Mm-hmm, mm-ooh
Mm-hmm, mm-ooh-ooh (Gets you higher than the clouds)
Mm-hmm, mm-ooh (Than the clouds)
Mm-hmm, mm-ooh-ooh

The weight of the world gets lighter
Like diving in the water
Weightless, you come up for air
There's nobody there
The suns out, the flames get hotter
Like burning at the alter
Slaughtered, you come up for air
There's nobody there

Silicone hearts, broke in two pieces
Together and lonely, wired and sleepless
Now we're just screaming loud
Can you hear it in the clouds?
Can you hear it in the clouds?
Now we're just screaming loud
Can you hear it in the clouds?
Mm-hmm, mm-ooh
Mm-hmm, mm-ooh-ooh

Sick of waking up and being alone
Sick of feeling like it's me and the phone
Aren't you tired of being someone you don't know at all? Scream
 it loud
'Til they hear it in the clouds
