

Anything

Grace Ives

Holding hands, silence, sigh
I can't think of any way to move
I look you in the eye
I'm right here, I wanna love you, I wanna fight
I would do anything, anything, anything
To keep you here at night
I would do anything, anything, anything
To keep you in my life, oh, my life

That's the way it's gonna be from now on
That's the way it's got to be from now on

I'm gonna talk, I'm trying harder, I'm sleeping less
I would do anything, anything
To keep everything above my chest
And I'll do anything, anything, anything
To keep you in my life, oh, my life

That's the way it's got to be from now on
Oh, that's the way that it's gotta be from now on
(That is the way, that's just the way it's gotta be)
That's the way it's got to be from now on
(That is the way, that's just the way it's gotta be)
That's the way it's gotta be from now on
(That is the way, that's just the way it's gotta be)
(That is the way, that's just the way it's gotta be)
That's the way it's gotta be from now on
(That is the way, that's just the way it's gotta be)
(That is the way, that's just the way it's gotta be)
That's the way it's gotta be from now on
(That is the way, that's just the way it's gotta be)
(That is the way, that's just the way it's gotta be)
That's the way it's got to be from now on
(That is the way, that's just the way it's gotta be)
(That is the way, that's just the way it's gotta be)
