

Back In LA

Grace Ives

She turns right on red
Right on red
Can't sit on her bed
On her bed
She can't really smoke
Oh no
She wants to get my goat
Get my goat

Baby's back in LA
In LA
Baby's back in LA
In LA

Baby's back in LA
In LA
Baby's back in LA
In LA

Give me fever
Hotter than the night
And we flew out all the way
For advice
Now where's my baby?
Is she hiding in LA?
Is she flaking on the day till the night?

Give me fever
Hotter than the night
And we flew out all the way
For advice
Now where's my baby?
Is she hiding in LA?
Is she flaking on the day till the night?
