

Lullaby

Grace Ives

I watch that movie ten times a day
I can recite it, you press replay
Root for the lover in every scene
I watch the sun setting on the screen

What a mess what a lovely mess
What a lie what a lie
I watch that movie ten times a day
I can recite it you press replay

I look at pictures of real estate
I see the ad and I take the bait
I hear the neighbors sing, "Love Galore"
I do a split on the kitchen floor

What a mess what a lovely mess
What a lie what a lie
I watch that movie ten times a day
I can recite it you press replay

If you get up can you shut the light?
That's the first star that I've seen all night
You told me you've never made a wish
I think I'll laugh 'til it makes me sick

What a mess what a lovely mess
What a lie what a lie
I watch that movie ten times a day
I can recite it you press replay

No it's nothing to be sad about
It's just something I've been thinking about
No it's nothing to be sad about
It's just something I've been thinking about
No it's nothing to be sad about
It's just something I've been thinking about
