

# Nightmare

Grace Ives

I had a dream that the earth was flooded  
From inside out, and the core was so muddy

It must've been because of somethin' I was watchin' on TV  
Maybe it was somethin' that I read in the weekly  
And on the TV, they like to talk about the weather  
Ahh, ahh-ahh-ah-ah  
Ahh, ahh-ahh, ahh-ahh

And then a Deltra plane crashed right into the water  
I saw it from my room, it sank down farther and farther

It must've been because of somethin' I was watchin' on TV  
Maybe it was somethin' that I read in the weekly  
Overheard at a party, the melting of the earth  
Ahh, ahh-ahh-ah-ah  
Ahh, ahh-ahh, ahh-ahh, ahh-yeah
