

# Ocean

Grace Ives

Oh, oh, oh

You got scared when you looked into the ocean  
It's so big and it's always in motion  
Well, calm down, let me rub in all your lotion  
Look at the big, big bubbling fire  
It's gonna get so hot, you're burning with desire  
I want you to be the one to take it higher  
I'm not scared when I look into the ocean  
Look at the big, big bubbling world

Oh, oh
