

Stupid Bitches

Grace Ives

God, I really played the fool
Wound myself up to curl into you
Why'd it end up hurting way too much?
I'm a loser with an aching touch
Mhmm...

But something about it makes me brave
Tough enough to see myself replaced
I just let it be embarrassing
So, you left me with a broken wing

Doesn't hurt me anymore
Doesn't. hurt me anymore
It doesn't hurt me anymore
Ooh...

Well, baby, you're a part of this
You're not a victim of my loneliness
I will let you take it out on me
But next time kindness over honesty

But stupid bitches can't hurt me
Yeah, I've been through the needle now, I see
I won't shatter in the aftermath
I'm a bullet on an arrow's path
Mhmm...

Doesn't hurt me anymore
Doesn't hurt me anymore
It doesn't hurt me anymore
Ooh...

You don't have to read my mind
And honestly, it's fine
I think you're a hater

Doesn't hurt me anymore

Doesn't hurt me anymore
Doesn't hurt me anymore
Doesn't hurt me anymore
Ooh...
